AMENDMENT

Box RCE  
Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

Applicants concurrently submit a Request for Continued Examination under 37. C.F.R. § 1.114 for the above referenced patent application. Please amend the application as follows.

In the Claims:

Add new claim 47.

- 47 (New) An article comprising;
- (a) a substrate; and
  - (b) a flexible polyurethane applied as a layer on a surface of said substrate, said flexible polyurethane comprising a reaction product of,
    - (i) a first component included one or more polyols having an equivalent weight in the range from about 28 to about 3000, optionally one or more diols having an equivalent weight in the range from about 30 to about 4000, and a catalyst; and
    - (ii) a second component comprising a primary aliphatic isocyanate crosslinker having at least 50 weight percent polyisocyanate,
- wherein the first and second components together are solvent free.
